

Zodiac Flopro e3

intelligent & economical pool pump

The Zodiac FloPro e3 is one of the most energy efficient, economical, easy to use 3 speed variable pool pumps on the market today.

The motor has been factory pre-set to run at three common speeds; but unlike most other 3 speed pumps the FloPro e3 can be adjusted by increments of 50 revs per minute to provide the most efficient solution for your specific requirements.

Suitable for all domestic swimming pools, the FloPro e3 is engineered to provide years of reliable, ultra-quiet operation.

ZODIAC®

a better life

FLOPRO e3

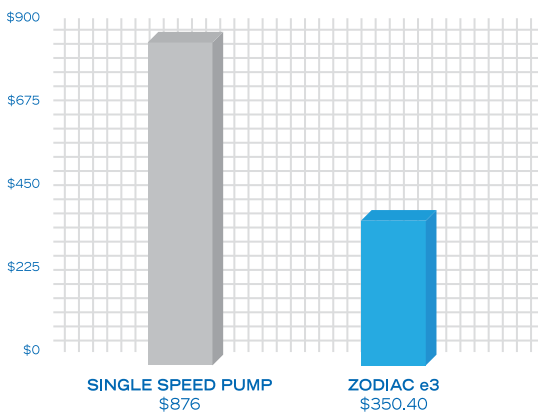

Save Energy, Save Money

The FloPro e3 is a variable speed pool pump that has been designed specifically for the Australian market as an easy to use, economic and intelligent swimming pool pump.

With 3 preset speed settings you can simply set and forget whilst the pool pump runs at the desired speed.

With the added function of the variable speed buttons you can simply adjust the speed setting (RPM) to ensure you obtain the optimum energy efficiency for your pool application.

Running the pump at EcoMode for normal filtration will reduce power consumption significantly.

* 1400 RPM = 70 (LPM) = 0.160 kW/h - 24 hours per day x \$0.25kwh x 365 days x 0.160kw/h = \$350.40

Built to Last

The FloPro e3 is built to the highest standard right down to the quality and durability of its materials. All the components are constructed from corrosion resistant materials to ensure you attain optimal performance and longevity.

Backed by a 3 year warranty (2 years on the mechanical seal), and Zodiac's unrivalled infield back up and technical support service network, you can be assured of many years of hassle free enjoyment.

Preset Speed Settings

The FloPro e3 has 3 preset speed settings

Eco Mode

Low Speed: Is the recommended setting for everyday filtration of your pool when a cleaner is not connected.

Clean Mode

Medium Speed: Recommended when operating the pool cleaner

Boost Mode

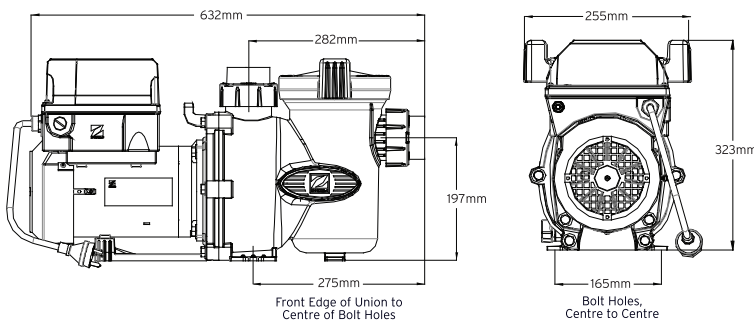

High Speed: To be used when backwashing, manually vacuuming the pool or operating spa jets or some water features.

Ultra Quiet Operation

Due to its cleverly designed economical motor, the Zodiac FloPro e3 is one of the quietest pool pumps on the market. At Eco Mode it generates less than 50 decibels - equivalent to a standard dishwasher.

Specifications & Dimensions

Model No.	HP	Voltage	Pipe size	Carton Weight	Overall Length
WE3000	1.0HP	230 VAC	40-50mm	10KG	632mm
